"The most beautiful model in the collection"... That's what our visitors said when they saw the swivel conference chair for the first time at Or-gatec 2010 in Cologne. Designed by Martin Ballendat, this chair has won the Red Dot Award for 2011.

In all, over 1,400 companies from 60 countries entered over 4,400 products for consideration for this very prestigious and coveted award with only the very best selected by a panel of qualified experts.

Our award was presented on the 4th of July at a gala ceremony in Essen, Germany.

Martin Ballendat has been a successful designer for over 20 years. After having held leading positions in the furniture sector for 10 years, he set up his own company. Now he has 12 staff members and two offices, one in Austria and one in Germany. In addition to projects in 12 different countries, ie Germany, Austria, Italy, England, Netherlands, Switzerland, United States, Ballendat is a visiting professor at the University of Design in Graz and Salzburg. He has received more than 70 awards, such as Bets of NeoCon; reddot; IF Award; Best of Best Cologne and Focus Green, to name a few.
