

Strata 360

Workstation

burgtec.

Making the workplace work.

Strata 360 is a premium round leg desking solution that elevates and supports people of Australian businesses every day. This workstation system is our bread and butter, constantly improving the design over the years to become a market leader.

Its cylindrical frame design aesthetically offers class, but it's what's inside that really sets Strata 360 apart – with advanced actuator electrics that guarantee smooth, seamless operation and long-lasting value.

A fusion of European technology, Australian quality, and modern flair, Strata 360 makes workplace design and strategy work.

Features

- Worktops: Select from Burgtec house laminates range (Contrast edging available)
- Frames: Select from Burgtec house metal coatings range
- Screens: Select from Burgtec house fabrics / acoustics or fabric of your choice

Movement by electric actuator technology.

LINAK® produces electric linear actuator solutions to create smooth movement in a variety of applications. From healthcare to agriculture, comfort furniture, office interiors, or industrial automation.

Partnering with LINAK® Australia has brought about Strata 360 - our most advanced workstation system to date. A fusion of European technology, Australian quality and modern flair brings a fresh take on office desking to the industry, without compromising on lead-time and cost.

DPG Control

Strata 360 Workstations feature LINAK® Desk Panel Controls with Bluetooth® wireless technology, memory and reminder functions. As intuitive as they are contemporary, the DPG Controls operate by simply tapping up or down to drive the desk, and can store four favourite positions for efficient and effortless use. The integrated LED strip flashes at optimal intervals to remind users to change positions.

Featuring a minimal, discreet profile with a glossy surface and an integrated display to ensure a clean and modern design.

Desk Control™ App

Connect your Strata 360 Desk to your iOS/Android mobile device, or desktop PC with the Desk Control™ App. Auto-connect, receive motivational notifications, and access statistics to help utilise your desk's adjustment function more actively – and ultimately improve work habits.

By downloading the LINAK® Desk Control™ App, desk users come one step closer to changing their prolonged and often unhealthy sitting behaviour. Once the app is installed, friendly reminders will help the user to change position frequently, while on-the-fly statistics show daily achievements. As well as adjusting desk height, the user can also store favourite positions in the app, thus improving ergonomics by using the optimal work heights – whether sitting or standing.

Care and Maintenance

Laminate Surfaces

Clean with a damp, soft cloth or sponge using lukewarm water. Neutral diluted detergent may also be used with lukewarm water. Strong detergents which contain bleach, acid or have an abrasive effect (such as scouring creams) should be avoided.

Chrome, Anodised, Polished or Powdercoated Metal Surfaces

Clean with a damp, soft cloth or sponge using lukewarm soapy water. Strong detergents which contain bleach, acid or have an abrasive effect (such as scouring creams) should be avoided. Sponges and scourers made from synthetic fibres or metal which may leave permanent scratches on the surfaces should also be avoided. Ensure product is dried with clean fibre- free cloth after washing.

Warranty Information

Strata 360 Workstations offer 10 Year Warranty. Burgtec promises the original purchaser, at our option, to repair or replace any of the said product or component thereof, subject to normal commercial use, that is defective in material or workmanship for the time period offered on the product from date of purchase. To view the full warranty statement for Strata 360 please go to burgtec.com/strata-360.
