Table

burgtec.

A conical design

Keel's cone-like base design is sleek and functional.

With its central base available in three heights, the Keel Tables cater for unlimited seating arrangements in meeting & breakout spaces.

Starting from the set of std options, and customising the size, shape, finishes and accessories, every Keel design is unique to each project.

With hundreds of combinations in laminate top colours and base metal coatings, each Keel table can be custom designed to its environment.

100% designed and manufactured in Australia, all finishes are available without any supply chain delays.

Care and Maintenance

Chrome, Anodised, Polished or Powdercoated Metal Surfaces

Clean with a damp, soft cloth or sponge using lukewarm soapy water. Strong detergents which contain bleach, acid or have an abrasive effect (such as scouring creams) should be avoided. Sponges and scourers made from synthetic fibres or metal which may leave permanent scratches on the surfaces should also be avoided. Ensure product is dried with clean fibre-free cloth after washing.

Laminate Surfaces

Clean with a damp, soft cloth or sponge using lukewarm water. Neutral diluted detergent may also be used with lukewarm water. Strong detergents which contain bleach, acid or have an abrasive effect (such as scouring creams) should be avoided.
