Polar Monitor Arms

burgtec.

Efficient Deskspace

Smooth and lightweight, the Polar monitor arm is ideal for maintaining a clutter free desk environment, and assisting good posture in the workplace.

Its flexible swivel and tilt mechanism allows users to effortlessly adjust their monitor(s) to their optimal ergonomic position whilst cable management clips keep the desktop tidy and streamlined.

The clamp mount means installation is easy and fast, offering peace of mind that future relocations or changes to the workstation will be uncomplicated.
