NUMEROUS CONFIGURATIONS

Park modular - a compact and comfortable lounge system with a tapered back, with many custom configuration possibilities inspiring creativity in the workplace.

Whether its a casual chat, a quiet break or seating for a high traffic area, Park options provide the flexibility to suit any environment.

While the Park 'Tall' serves as a flexible way to divide spaces, the curved modules are ideal for creating round meeting areas and brainstorming zones.

LOCALLY MADE

Burgtec is serious about manufacturing furniture here in Australia using locally sourced materials. It just makes sense in order to provide world-class furniture with quicker lead times and true sustainability.

Designed and Manufactured here on the Central Coast, Park lounges are available within a 4-6 week lead time.

RANGE OF FINISH OPTIONS

Burgtec's wide range of local house fabrics are available with no extra lead time.

With hundreds of options available, each Park lounge can be uniquely cohesive with its environment, without the worry of possible supply chain delays.

Care and Maintenance

Fabric

For a general clean, regular dusting and vacuuming removes any loose particles and stops dirt from entering the weave and breaking down the fibres. When necessary, the upholstery should be gently wiped with a clean cloth, dampened with warm soapy water.

Immediately dry with a clean and dry non-abrasive cloth. Do not use strong or abrasive cleaning fluids or detergents, as these may affect the colour and finish of the fabric. Upholstery can be professionally dry-cleaned if required. For best care and maintenance results please follow manufacturer's instructions

Leather, Vinyl, PU & Faux Leather

Periodically dust with a clean, dry soft cloth. Do not expose your Chairs to prolonged Sunlight or other heat sources as this may cause fading. Avoid extremes of Humidity. For Dried Soiling: Gently brush with a soft brush or gently clean with a vacuum cleaner. For Wet Soiling and deep cleaning: Gently remove the excess substance from the surface with absorbent paper. With a clean cloth soaked in a mild soap solution, gently remove the stain. Do not soak the surface, dry and buff immediately with a clean cloth. For best care and maintenance results please follow manufacturer's instructions.
