

HushFree.XM

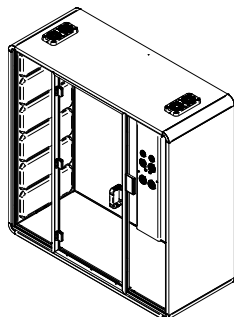

HushFree.XM is an acoustic booth for the office which is ideal for face-to-face and hybrid meetings, important conversations requiring privacy or creative work. The hushFree.XM pod allows you to spend much more time in meetings and conversations while maintaining employee productivity or simply concentrate on your work while keeping your conversations private. The compact size of the booth is a great alternative to smaller office spaces, providing a place for meetings and the highest comfort of work for two persons. This office pod can be equipped with a table and two sofas. HushFree.XM is mobile, thanks to built-in castors.

Features

- Upholstered interior panels available in 8 colors
- Acoustic measurements according to ISO 23351-1:2020 – class B
- Fully automatic efficient ventilation and LED lighting system (500 lux at tabletop level) to guarantee comfort and convenience
- Integrated castors ensuring easy booth transport
- Occupancy sensor and touch screen for booking
- HushAssistant a module with a touch screen for regulating lighting and ventilation and enabling to check the reservation of a work pod

OPTION

Table (optional)

Measuring W/D/H 769 x 510 x 735 mm. Made of 18 mm thick plywood covered with HPL laminate on both sides. Support leg made of 30 x 50 mm steel profile, powder-coated in cosmos grey color. Maximum load – 15 kg.

Set of sofas (optional)

Seat module including backrest, available in left and right versions of 750 x 534 x 688 mm overall dimensions. Seat height – 473 mm, backrest height from seat – 215 mm. Inner structure made of woodbased materials, sprung layer – 100% PU foam, fluffy fleece 100% Polyester. Outer layer – upholstery fabric. Maximum load of the sofa – 150 kg.

HushBooking (optional)

Measuring 114 x 22.5 x 192 mm. Luminous side panel and touchscreen display indicating booth occupancy, enabling reservations, prepared to be integrated with the booth's power supply. The system can be integrated with the Microsoft 365 platform.

HushAssistant (optional)

4-inch, round, high-resolution touchscreen to control pod settings, adjust lighting and airflow, and extend calendar reservations. HushAssistant can adjust brightness, color and activate scenes (moods) for different needs, prepared to be integrated with the booth's power supply. The system can be integrated with the Microsoft 365 platform.

Booth occupancy indicator (optional)

Booth occupancy light indicator, measuring 96 x 96 x 38 mm, prepared to be integrated with the ventilation module power supply. Adapted to be positioned on the booth ceiling anywhere within 1000 mm of the fan housing. Actuated by a motion sensor.

UPHOLSTERY & FINISHES

Exterior

3 layer honeycomb board, 38 mm thickness, both sides melamine covered, finished with zero-joint edge laser technology. The structure is prepared for seismic anchoring.

Interior panels

Made as a composite based on PETFELT, polyester fleece and fabric. PUR fire-retardant foam with acoustic properties, re-bonded.

Glass

Acoustic and laminated glass 10 mm (RW = 35 dB), 5.5.2 thickness, including the 5 mm glass, 2 mm acoustic sheet and 5 mm glass. Placed in aluminum profiles with acoustic seal. Transparent glass. Matte version as an option.

Upholstery

Athlon Plus: **weight:** 750 g/m²; **composition:** 56% polyester, 44% Trevira CS; **flammability:** cigarette (BS EN 1021-1), cigarettes and matches (BS EN 1021 1&2), CA TB 117-2013; **light fastness:** 5 (EN ISO 105B02); **pilling resistance:** 5 (EN ISO 12945-2); **abrasion resistance:** 100.000 Martindale cycles (EN ISO 12947-2); **certification:** OEKO-TEX® STANDARD 100.

Carpet

Complies with ASTM D2859 – 16 (2021), standard test method for ignitability characteristics of ready to use textile floor covering materials. Adapted to commercial intensive use (hotel room, hotel suite, boutique, shop, restaurant, conference room, high traffic office, reception, stairs). Graphite color.

FEATURES AND SPECIFICATIONS

Air ventilation system

Motion sensor activated, 4 fans, maximum performance of the fans – 320 m³/h, total air change in 75 s.

Electrification

Led ceiling light x2.

Power supply module (basic): 2x power supply 230V.

Power supply module (optional, as required): type A charger, 1x type C charger with a total power of 5.0 V/4.0 A MAX.

Power cable: black – access from the floor with 5000 mm overall length. Access from the booth exit, 3400 mm.

Lan plug CAT.6: available with 5000 mm total cable length, and available with 3400 mm at the booth exit.

Motion sensor: located on the middle column, activates lighting and ventilation systems at 50% of total power.

Standby power consumption 5 W.

Maximum power consumption of the product 64,5 W.

ACOUSTICS

Acoustic measurements according to ISO 23351-1:2020 – class B.

SEISMIC ANCHORAGE

All Hushoffice products come with Seismic Anchoring capability as standard solution.
